Only once is not enough to explore meghalaya you may have to come twice and thrice but the itinerary and the arrangements made by Yash and Grace are really superb. Stay Location , Food , travelling, Tour Guide and many more things at top notch for me. This was my first ever solo trip that they made it memorable for me.

Thanks a ton Escape to Meghalaya (Yash and Grace)

Yashraj plans the best itineraries! Both him and Grace know Meghalaya inside out, and will have a plethora of options for offbeat as well as regular touristy places. We absolutely loved our time in Meghalaya and can't wait to visit again in the future! They're super cooperative and extremely responsive and responsible as well.

P.S: Yashraj sings like an angel btw 😊

Yashraj did all the arrangements for our 9 day trip to Mizoram and Kaziranga -it was very well organised and went smoothly -excellent taxi driver -hotels that met our requirements and he was on top of things each of those 9 days -his partner and trekking guide (Grace) was also very good.

Overall I recommend Yashraj for NE trips

Team Escape To Meghalaya created one of my favourite trips till date. Their understanding of the sort of trip we required was near perfect (we had 2 senior citizens in our family!).

They were able to show us waterfalls, caves and viewpoints that are not yet touched by tourists at scale and yet feel surreal.

In addition, we had a guide accompanying us all throughout with adequate knowledge of the history behind things.

We really appreciated our trip in Meghalaya. Our guide Grace was very nice and knowledgeable, while our driver Akshay was fun and caring, and had good recommendations. Thank you Yashraj for the organisation and for your availability!
